CLASSIC SERIES BADMINTON SET 13042

BADMINTON RULES:

- Court size:** 40' x 20' (12,2m x 6,1m). To increase the difficulty of the game increase the court length beyond regulations.
- Teams:** Teams can be either one or two players.
- Scoring:** Game is played to either 15 or 21 points (decide before beginning). Only the team serving can score a point. The non-serving team gains the serve should they win the point played, then only they have the opportunity to score a point.
- Points:** There are three ways to win a point:
1. When the shuttlecock lands inside the court of the non-serving team (having gone over the net).
 2. When the non-serving team hits the shuttlecock outside of the serving teams court area (or under the net).
 3. If the non-serving team commits a rules violation.
- The Game:** First serve is determined by coin toss, "choice", other lottery method or by "volley". The serving team must serve from behind their end line (out of play). The serve must be UNDERHAND. It is a rules violation to serve overhand (above your shoulders). The serving team serves the shuttlecock over the net into the court of the non-serving team. Non-serving team returns and the "point" continues until one team loses the point by:
- Hitting the shuttlecock out of the other teams area under or through the net.
 - Allowing the shuttlecock to touch the ground inside their court area.
 - Hitting the shuttlecock twice consecutively by the same team.
- As stated above, the team winning the "point" will either win one point or the serve depending on which team served the point. Should the serving team score a point, the same server continues to serve until he/she loses the point.
