Step 1

Make three "U" shapes with tubing by placing part (1) into part (2). Make sure the end of part (2) with the letter "A" sticker is placed into part (1) with the letter "A" sticker. Note: One of each part (1) and (2) has a Franklin sticker, these should be assembled together to form the top of the pitchback. After you assemble part (1) and part (2) with Franklin stickers, slide the tubing through the top of the net.

Step 2

Place 10 bungees, part (4), on one side of top tubing with Franklin stickers, and then another 10 bungees (4) on opposite side as shown. Place 6 locking pins (8) into part (3) to lock hinge in place. Now place top "U" shape into part (3). See diagram #2. Then secure part (10) to other part (10). Place part (10) in both ends of part (3) to secure frame.
