YOU ARE NOW READY TO PLAY!

GAME INSTRUCTIONS

GAME:
This set is intended to be played in a casual fun way. There will be two teams of two players each. Each teammate will stand opposite one another. The game ends when the score reaches 21. A coin will be flipped to determine which team will go first. Teams will alternate pitching their shoe towards the opposing stake one after another until all four shoes have been pitched.

SCORING:
Players will get 3 points if the stake is within the horseshoe. 2 points will be given if the stake is touching the outside of the horseshoe. There will be one point scored if the horseshoe is equal to or less than one horseshoe width away from the stake.

It’s up to the teams if they want points to cancel. If points cancel, each team would add up their points and the team with the higher points would score the difference between the two teams scores.
