GAME INSTRUCTIONS

HOW TO PLAY:
Once the unit is turned on, the game will light-up. The timer on the game will begin once the sensor under the rim is triggered. Once the game begins the unit will score until the time runs out (after 30 seconds). During this time both players should be trying to score as many points as possible by shooting at their own rim. Once the play clock reaches zero, then game will end and the player with the higher score will be the winner!

Note:
We welcome you to use your own balls on this set. Please note, the scoring sensor may not pick up darker colored balls.

YOU ARE NOW READY TO PLAY!
